

Utah Firearm Safe Rebate

In response to 2021 House Bill 336 – Suicide Prevention Amendments, the Utah Division of Substance Abuse and Mental Health, in conjunction with the Utah Suicide Prevention Coalition, is offering a limited, one-time rebate for the purchase of one firearm safe starting November 1, 2021. The rebate is valid for up to \$200 of the pre-tax sales amount.

This amendment supports the Utah Suicide Prevention Coalition’s “IS YOUR SAFETY ON?” campaign and its efforts in firearm suicide prevention. Eighty-six percent of firearms deaths in Utah are suicides. Utah ranks in the top 10 in the nation in suicide deaths. Putting time and distance between a person at risk of suicide and a firearm may save a life. Together we can protect our family and friends.

Frequently Asked Questions

- “Is this a scam?”
 - This is a legitimate program, please see [Utah Statute 62A-15-103 \(3\) \(c\)](#).
- “Can my partner and I both apply?”
 - This program is limited to one per resident, not per household. We do not accept the same receipt for the same household if the pre-tax price is less than \$200.00.
- “How is the rebate amount determined?”
 - The rebate amount is \$200 of the pre-tax price, or the cost of the safe, if below \$200. For example, if you purchase a \$100 safe, the eligible rebate is \$100. If you purchase a \$500 safe, \$200 is eligible.
- “Do I have to buy from a certain store?”
 - An eligible safe must be purchased from a participating firearms dealer or a person engaged in the business of selling firearm safes in Utah. All major retailers are accepted. Purchases from Craig’s List, KSL, Facebook Marketplace, yard sales, person-to-person sales, etc. will not be accepted.
- “I participated in the rebate program two years ago. Can I still apply?”
 - Yes, if you participated in the 2019 Firearm Safe Rebate Program, you are still eligible to participate in the 2021 program. However, you can not submit a previously used receipt. The safe must be purchased on or after November 1, 2021.
